

**MY VISION** is of a church that knows what it is handling when it is handling the New Testament Books.

**MY PURPOSE** is to share what I have been fortunate to discover about the Greek texts because it promises to transform the way we understand the Books, interpret and teach them, present Christ and propagate our faith.

**MY AIM** is to reach as many people as possible and enthrall them with what they do not yet know about the New Testament Books.

**MY OBJECTIVE** is to share what I can, with as many as I can, in all the ways that I can, as well as I can, over all the days that I can, until it is time for me to stop.
